

ISIC Trip to Sorrento Pier

By Matthew Leary

On Monday 5th December 2016 Rohan, Xander, Alica and myself (Matthew) all went to Sorrento Pier for our first ISIC trip. I sadly was not in the car on the way there as I was in Adelaide to celebrate a Christmas party with my cousins and Uncles and Aunties! I did have a nice sleep on the way to Sorrento Pier (I woke up at 4:00 am that morning to begin my journey). It was a very long ride to Sorrento Pier around 1 hour, I'm pretty sure .

Once we got onto the Pier we met everyone and got our wetsuits and waited. Later on, we got on the boat and listened to the rules and safety. Everyone was so excited to see the animals. Our first stop was the seals. Once we got there everyone jumped in and started to follow their leader around the seals home. The seals also jumped in. Some of the seals went under us and had a play fight. I remember one going under me and knocking one of my flippers. I wasn't expecting it and it shocked me. I swallowed some water when I went under to fix my flippers.

Our next stop was the weedy sea dragons. As their name suggests, they live in the sea weed and it was a little hard to see them. I dove under the water and i got a better look. I saw 3 weedy sea dragons and 2 fish but I don't know what type of fish they were. After we came out we got a biscuit and a cup of hot chocolate. It was delicious and I wanted seconds but I couldn't.

It was almost time for us to go but before we left, we went to see if there were any dolphins. Sadly there were none around that day but it didn't spoil the day.

I HAD A GREAT TIME.
