

WAR ON WASTE FOR LOCAL STUDENTS

Ambassadors from several schools met at the Dandenong wetlands on Stud Road in August to declare a war on waste!! The crew from Melbourne Water were on hand to show the amount of rubbish collecting in the stream and wetlands before emptying the litter trap and taking it all to landfill.

A lot of the plastic could be recycled if it wasn't dumped into our waterways. Students work with their school community to reduce the likelihood of it happening more in the future.

The day's activities also included planting native grasses and other wetland plants and then looking at the diversity of freshwater invertebrates such as boatmen, caddis and mayfly nymphs and how the water quality affects the health of our waterways

Many thanks to Kirstine and Felicity from City of Dandenong for organising the planting and the bus and a big shout out to all the crew from Melbourne (Mitch, John, Adam, Tim, Rob, Dan and Tom) for the amazing job they do every day.

AMBASSADORS AND FRIENDS - JOIN US AT THE 2017 WALK FOR WESTERN PORT

2017 WALK FOR WESTERN PORT

Sunday 22 October | Hastings Park
www.dolphinresearch.org.au

Face Painting, Magic, Games, Prizes, Sausage Sizzle, Sammy the Seal and more!
