

Hello Parents and Guardians,

Congratulations on your child being selected as an i sea i care marine Ambassador. This is a wonderful opportunity for them to develop leadership skills around marine environmental issues that will stay with them for life. We greatly appreciate you supporting your child's passion and commitment this year.

As part of the program, we take photos that are published on our website, social media and our newsletters that go out to our members. We only use photos including faces for those students we have permission for and there is a space in this form to say yes or no. However, we may still use backs of heads or wide group shots.

We collect your email address as we would like to be able to contact you directly about upcoming workshops (where relevant), send information about events that may interest you and your family (such as Phillip Island Whale Festival, World Oceans Day,, online auctions), research stories and updates about the institute's work.

Our website has a parent's page and an i sea i care gallery where we can showcase what the Ambassadors have been doing at school. Each region has their own page too with workshops blogs about upcoming days, what they need, what to do about weather etc. Our Facebook and Instagram pages are another great source of information and recent stories so we invite you to like our page or follow us.

Please take the time to explore all the information to help you child get the most out of their year.

There will be parent surveys to complete at both the start and finish of this year, to help assess the impact of our program and provide feedback to all our sponsors of the i sea i care program. This helps to secure ongoing funding so that the opportunity your child enjoyed can be available for future ambassadors. Please participate as much as you can.

## AMBASSADOR TSHIRTS

Each year, we encourage ambassadors to preorder a tshirt to wear to each of their workshops, as well as whenever they are speaking at assemblies or doing activities associated with the marine ambassador program. We believe this creates a strong statement and will remind others when seen, to look after their marine environment. They are \$25 and can be preordered via the enrolment form. Payment must be made via the following online payment link: <https://www.dolphinresearch.org.au/support-us/make-a-payment/>

**After reading all of the above, please follow this link to enrol your child in the iseaicare program:**
