DOLPHIN  
RESEARCH  
INSTITUTE 

## 2025 STUDENT ENROLMENT

Hello Parents and Guardians,

Congratulations on your child being selected as an **i sea, i care** marine Ambassador! This is a wonderful opportunity for them to develop leadership skills around environmental issues that will stay with them for life.

As part of the program, we take photos that are published on our website, social media and our newsletters that go out to our members. We only use photos including faces for those students we have permission for and there is a space in this form to say yes or no. However, we may still use backs of heads or wide group shots.

We collect your email address as we would like to be able to contact you directly about upcoming workshops (where relevant), send information about events that may interest you and your family (such as Phillip Island Whale Festival, World Oceans Day, online auctions), and updates about the institute's work. Our Facebook and Instagram pages are another great source of information and recent stories, so we invite you to like our page or follow us.

There will be parent surveys to complete at both the start and finish of this year, to help assess the impact of our program and provide feedback to all our sponsors of the **i sea i care** program. This helps to secure ongoing funding so that the opportunity your child enjoyed can be available for future ambassadors.

### **AMBASSADOR TSHIRTS**

Each year, we encourage ambassadors to preorder a tshirt (left image) to wear to each of their workshops, as well as whenever they are speaking at assemblies or doing activities associated with the marine ambassador program.

They are \$25, can be preordered via the enrolment form or our [website](#) and delivered to your child at the next workshop.

After reading all of the above, please follow this link to enrol your child in the ***isea,icare*** program:

## **[ISEAICARE PARENT ENROLMENT FORM](#)**

If you any questions, concerns or suggestions please send me an email at [education@dolphinresearch.org.au](mailto:education@dolphinresearch.org.au).

Together, let's foster a hopeful future for the next generation of young environmental leaders and protect our incredible marine treasures for years to come.

Kind regards,

**Ellie Collins**
